JWI-501 waterproof indicator

- All sealed PCB design
- Complete sealed design with ventilated ring for load cell
- Waterproof charger
- Zero/ Tare/ Weighing/ Simple counting/ Check weighing functions
- Auto shut off for power saving
- Ideal for applications including high humidity surrounding of food or seafood markets, food processing factories or any other use

Model	JWI-501
Resolution	15,000 internal graduations
Weighing units	kg / lb / pcs
Display	6 digits, 14.5mm digit height, red backlight LED display
Dimension(mm)	250×163×113
Maximum tare	Full capacity
Accuracy degree	III
Power supply	Rechargeable battery (6V/4.5Ah)
